Pinktober Dress-up Day, 29/10/26

KS3 girls & mothers joined Ms. Valerie for a Pinktober Yoga session on 29/10/26. Huge thanks to the mothers for the gorgeous flowers & water bottle. What a beautiful, thoughtful gift.

Dear Ms. Valerie,

I am writing to express my deepest gratitude for the wonderful yoga session today.

As mothers, daily life and endless responsibilities can often feel overwhelming. Having this space to breathe, recharge, and connect was truly a gift. It was also such a special mother-daughter bonding time for me and my daughter—she completely enjoyed it, and it was the perfect break for her to step away from the stress of studying and refresh her mind.

Thank you so much for taking the time out of your busy schedule to host this for us. Your positive energy, care, and warmth made a real difference and left us all feeling refreshed and grateful.

I would also like to give a special thanks to Ms. Laneetha. Her dedication and hard work behind the scenes were so clear, and without her effort, this event wouldn't have been as beautiful and seamless as it was.

Thank you both for always supporting our community and making us feel so valued and cared for.

Warmest regards,
Mariam Mamdouh

Family First!

Our Friday Biryani

A family tradition

Every Friday, our home fills with the warm aroma of biryani. It is our traditional family recipe, and for us it is far more than a meal. It is the day the whole family comes together.

The biryani is cooked with all of us involved, as a family, while we chat and share our stories. Meanwhile, it slowly works its magic in the pot.

When the biryani is served, golden rice and tender meat in the centre of the table, we sit down and eat together. The flavour is wonderful, but the best ingredient is always the time we spend with each other.

This tradition teaches us patience, teamwork and gratitude, and every Friday it brings us a little closer.

Dear Miss Sabiha,

I just wanted to take a moment to express my heartfelt gratitude for everything you do for Kenzy. Words cannot truly express how much I appreciate your kindness, care, and the love you show her every day.

You are so much more than a teacher to Kenzy. You are like a mother to her at school, and that means more to me than you could ever imagine.

Knowing that she has someone like you looking after her makes me feel so comfortable and reassured. As a mother, there is nothing more precious than knowing that your child is in safe, caring, and loving hands, and I genuinely feel that whenever you are around.

Thank you for always being there for Kenzy, for supporting her, understanding her feelings, and making her feel that she has someone she can turn to whenever she needs help.

Your kindness, patience, and dedication make such a difference in her school life, and I truly believe that having a caring person like you around is a blessing.

Please know that your efforts never go unnoticed. You have earned my trust, appreciation, and respect, and I feel incredibly lucky that Kenzy has you in her school life.

I can honestly say that as long as you are there, I feel at ease knowing that my daughter has someone who genuinely cares about her.

Thank you from the bottom of my heart for being such a wonderful, caring, and compassionate person. May you always be blessed for the kindness and love you give to the children in your care.

People like you leave a beautiful mark on children's hearts, and I hope you know how special you are.

With all my love, gratitude, and appreciation,

Kenzy's Mum

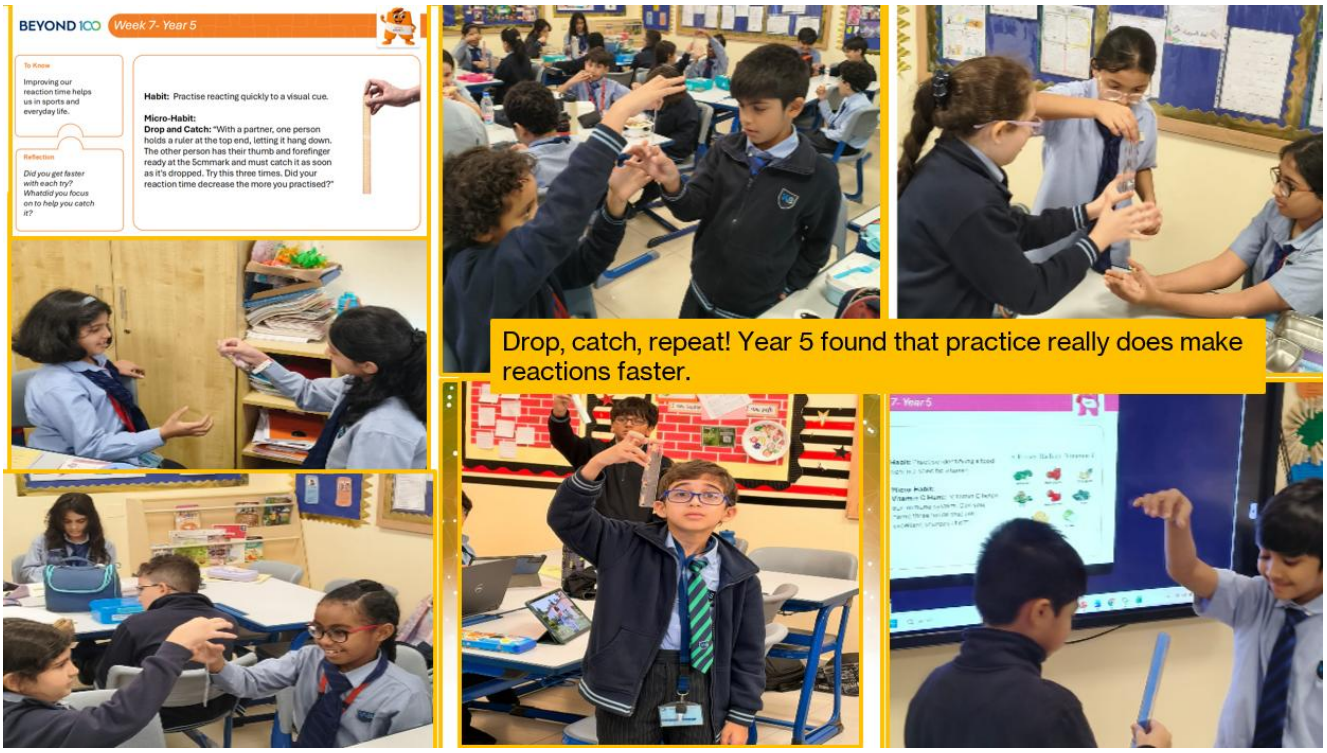
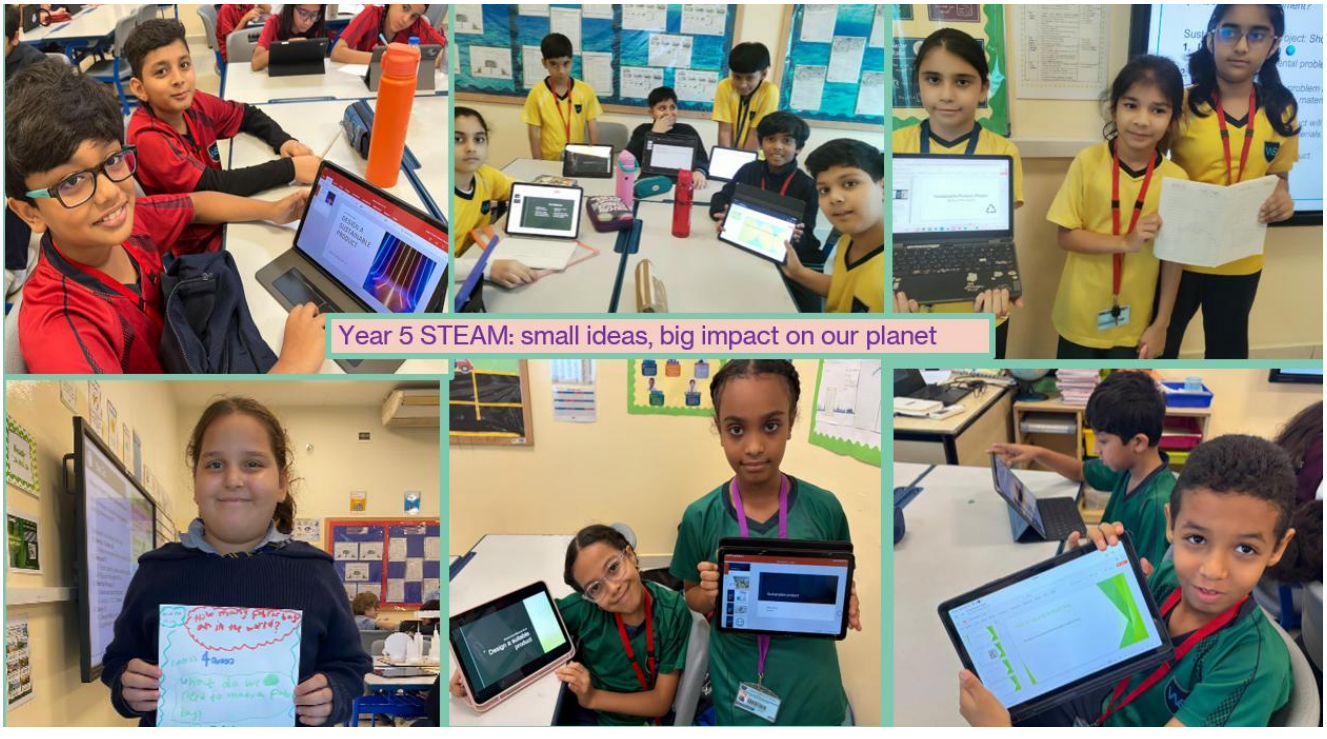
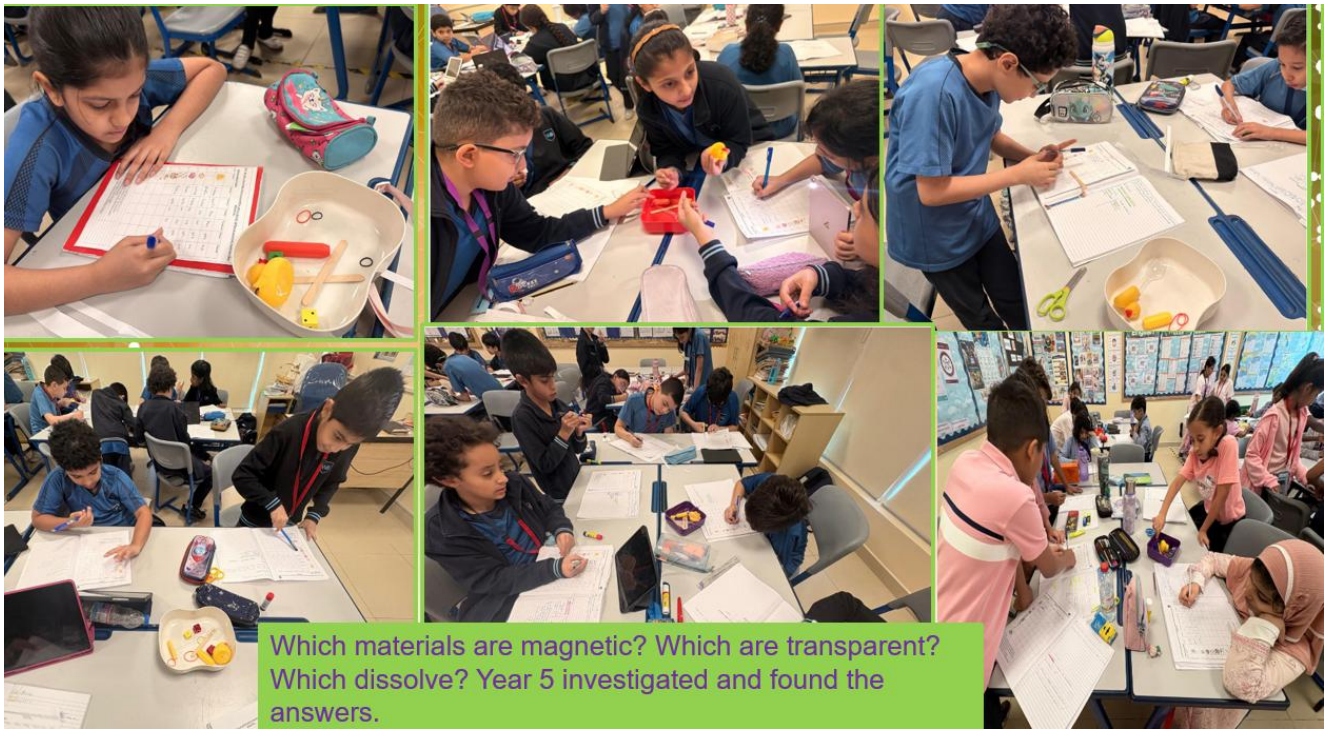
Year 5 Learning Activities



BEYOND 100 Week 7- Year 5
To Know
Improving our reaction time helps us in sports and everyday life.
Reflection
Did you get faster with each try? Whatdid you focus on to help you catch it?
Habit: Practise reacting quickly to a visual cue.
Micro-Habit:
Drop and Catch: "With a partner, one person holds a ruler at the top end, letting it hang down. The other person has their thumb and forefinger ready at the 5cmmark and must catch it as soon as it's dropped. Try this three times. Did your reaction time decrease the more you practised?"
Drop, catch, repeat! Year 5 found that practice really does make reactions faster.



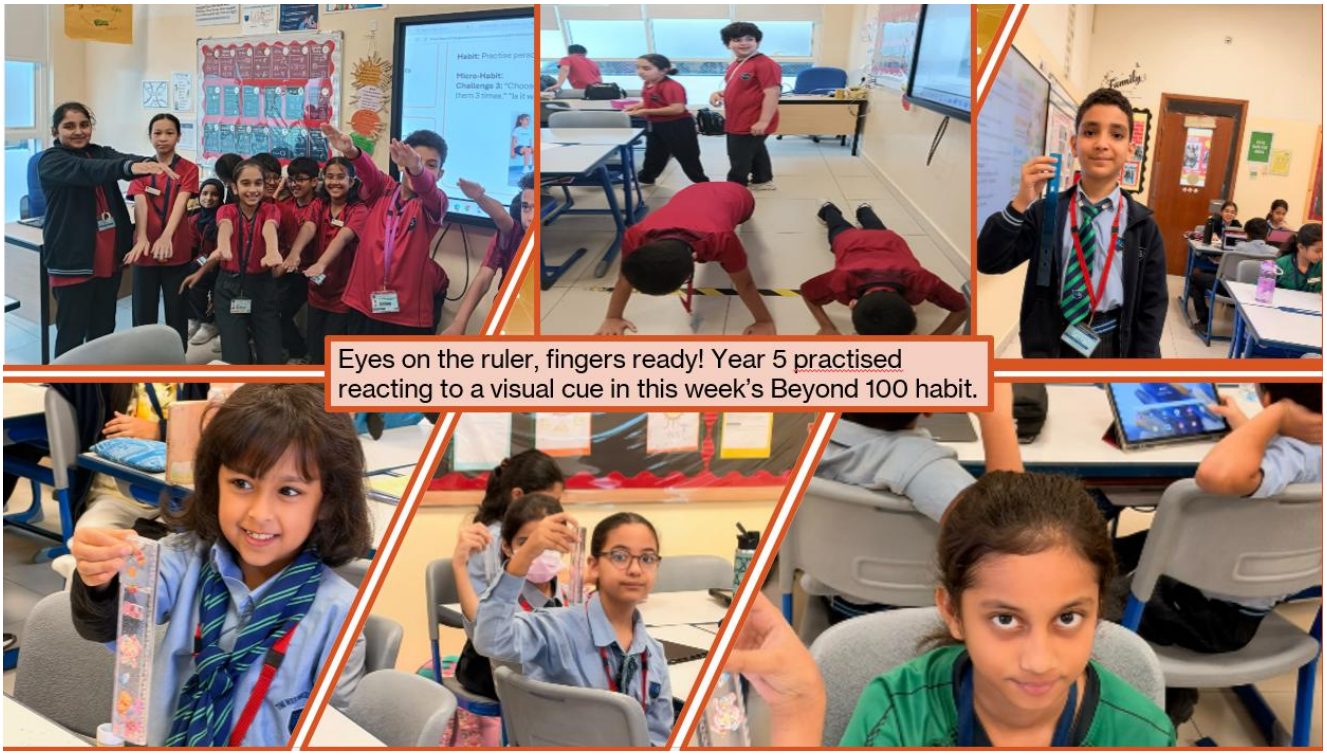
Year 5 STEAM: small ideas, big impact on our planet



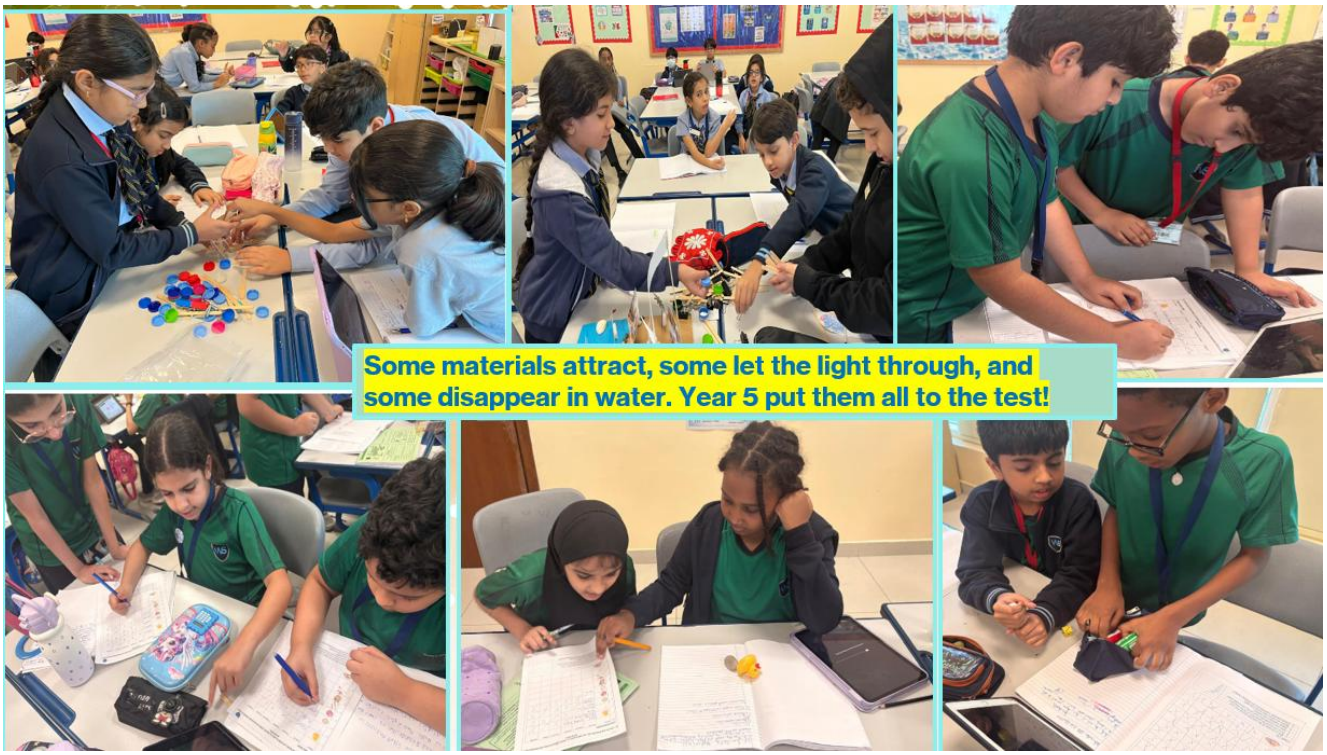
Which materials are magnetic? Which are transparent? Which dissolve? Year 5 investigated and found the answers.

Thinking green, designing smart! Year 5 finished their STEAM research project on sustainable products

Y5 Students tested everyday materials for magnetism, transparency, and solubility, then classified them by their properties.

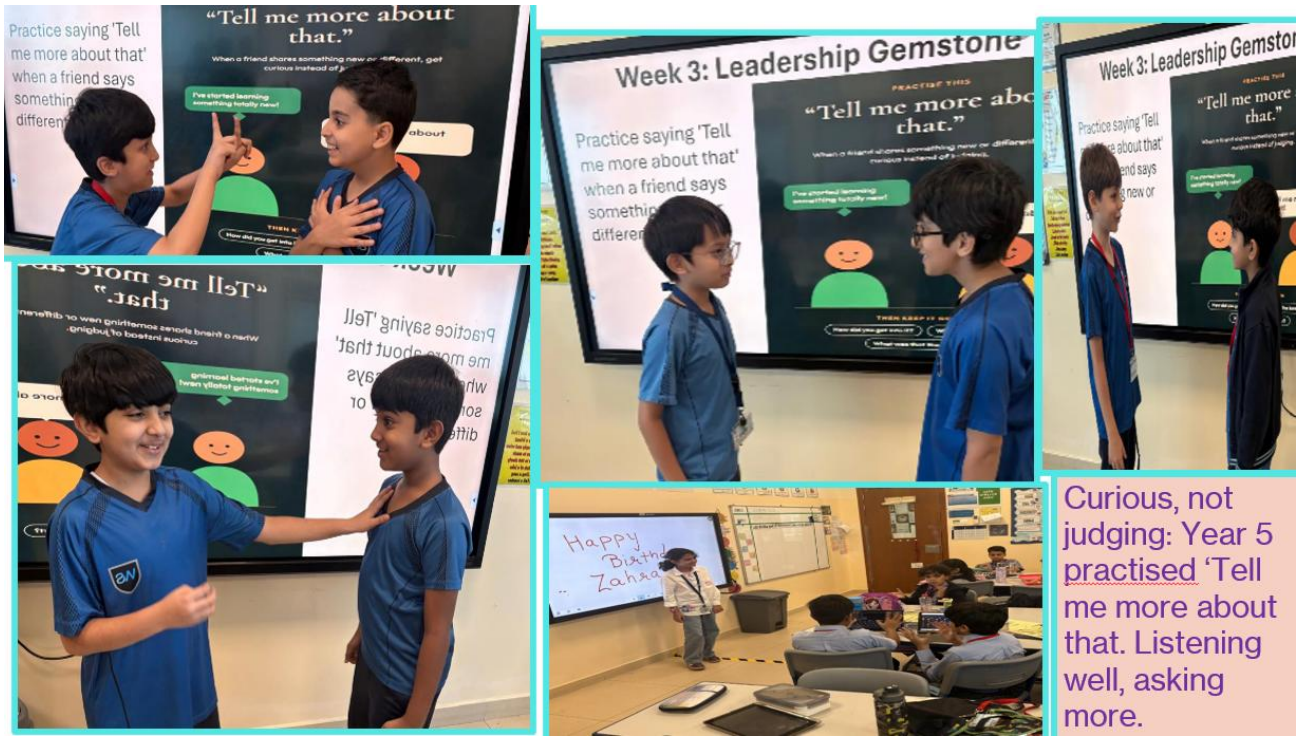


Eyes on the ruler, fingers ready! Year 5 practised reacting to a visual cue in this week's Beyond 100 habit.



Some materials attract, some let the light through, and some disappear in water. Year 5 put them all to the test!

From dugong habitats to coral reefs, Year 5 turned their ideas into amazing creations



Curious, not judging: Year 5 practised 'Tell me more about that. Listening well, asking more.

Dear Ms. Laneetha,

I would like to sincerely thank you for your wonderful efforts, dedication and continuous support in making Pink Yoga Day such a beautiful and successful event. Your kindness, encouragement and positive spirit truly made this day special.

I am also deeply grateful for your trust in me and for giving me the opportunity to be part of organizing this meaningful event.

It was a wonderful experience that brought our school community together in such a warm and inspiring atmosphere.

I sincerely hope we will have more initiatives like this in the future, as they play an important role in strengthening the bond between the school and parents.

How do you balance leadership and schoolwork?

"I use to-do lists and a structured timetable to balance my responsibilities and academics effectively."

"I make effective use of my IL lessons at school to focus on extracurriculars, while dedicating time at home to my academics."

How do you balance leadership and teaching?

"I rely on teamwork and shared responsibility in my leadership role, allowing me to balance my teaching commitments without becoming overwhelmed."

"I prepare teaching resources in advance, allowing me to dedicate separate time to my leadership responsibilities without the two commitments clashing."

What helps when people depend on you?

"I prioritise tasks by considering how much of the school community they affect and the overall scale of their impact."

"I delegate tasks to my team when workloads become overwhelming, allowing me to prioritise the most important responsibilities."

What helps you navigate demanding weeks?

"I use digital tools to organise my tasks and set clear goals, helping me stay focused and work efficiently."

"My spreadsheet skills come in handy when managing large amounts of student data and coordinating tasks efficiently."

Rayyan Ateeq
Class Leader of Y13BF

Mohammed Sanan
RLAG Leader

Ms. Laneetha
Phase Leader KS3

Ms. Ghousia
Team Leader KS5

How do you switch off from responsibilities?

"When I get home, I unwind at my own pace and spend time on my hobbies to recharge after a long day."

"I stay active after school by playing football, which helps me unwind, clear my mind, and enjoy quality time with my friends."

How do you protect time outside work?

"I unwind by gardening, caring for my pets, spending quality time with my family and listening to music."

"I plan my day ahead, stay organised and make sure I spend quality time with my family."

The Takeaway

Behind every title lies a person balancing competing responsibilities, making difficult choices, and finding ways to recharge. Through BEYOND100's focus on moving more, nourishing better, thinking deeper and resting fully, we are reminded that wellbeing isn't something we put aside until our responsibilities are finished, but something we actively build every day.

Because wellbeing isn't separate from success... it's what makes it sustainable.
