Whole School News; Parent Testimonials!

I would like to commend teacher sadiqa and ms roshi, the teacher assistant, for their passion of ensuring the learnings of the children. Their professionalism is very commendable since they know very well how to handle the RLP classes as well as the F2F classes. I have seen how my child, sara, from their class kg2-s1 is learning since shes able to explain by her own words the things that shes learning from the school. I also commend the way they motivate the children to work hard and do their best while still having fun. As a mother whos listening to the class behind my child, im really impressed how they handle the remote learning class program.

KEEP UP THE GREAT WORK!

Sidra

Tolerance for me is accepting others as who they are as well as being patient and optimistic with everyone.

The seven pillars of tolerance are declared by UAE in 2019 are:

- Tolerance in community. ...
- Tolerance in education. ...
- Tolerance at workplace. ...
- Tolerance to culture. ...

the basic meaning of tolerance is acceptance and willingness to endure any given situation. it doesn't come easy to many and to be able to make it a part of life is very important. tolerating someone's behavior, opinions and everything that comes with people is a great characteristic trait and requires a lot of patience.

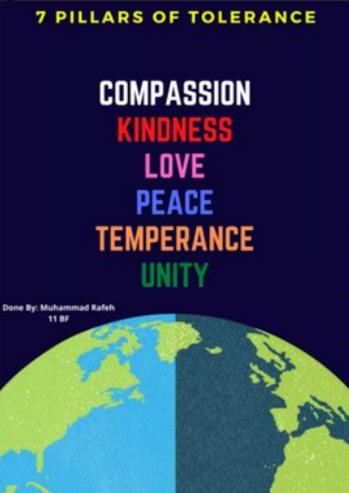

Kirmal

Tolerance is an important concept that helps people to live together peacefully. To be tolerant means that you accept other people's opinions and preferences, even when they live in a way that you don't agree with.

G11-12 students gave feedback on the UAE's '7 pillars of Tolerance' through posters/write ups/collage. Students voted for the 'Torchbearer of Tolerance in my class' through an online pole. Students also contributed their views on Tolerance through short speeches, with references and inspirational persons .
