Dear WSS Parents,

School Timings

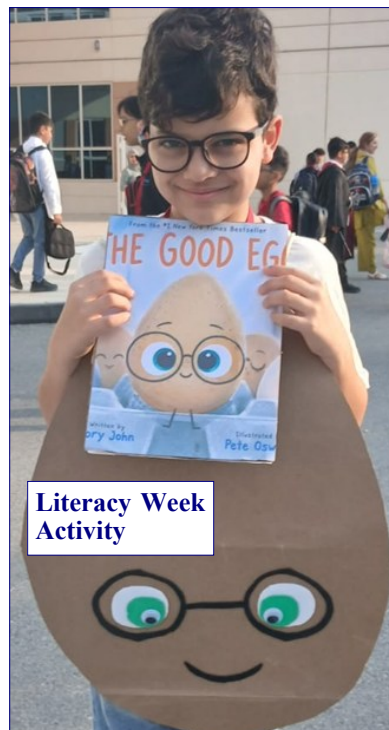

We were happy to see that almost all students were in class by 7am ready to start lesson one on time on Thursday after our timings change. We have been very impressed how understanding & flexible our parents have been through the recent school timings review process. It was important to take a whole school approach to find a solution to the extreme transportation, traffic congestion & unacceptably long travel times issues, which has caused some concerns with the extended Junior day. However, we will ensure quality provision for affected children, closely monitor the situation & will review arrangements as required. Hopefully we can get back to normal as soon as possible. Your patience is much appreciated.

المتضررين، وسنراقب الوضع عن كثب، كما سنراجع
الترتيبات حسب الاقتضاء.
نأمل أن نتمكن من العودة إلى الوضع الطبيعي في أقرب وقت

Hazard Alert!

HAZARD ALERT Smelling salts / Ammonia inhalants

What is the concern?

We are seeing a social-media trend involving young people inhaling smelling salts (also known as ammonia inhalants).

Videos online may present this as a challenge, prank, test of endurance, or a way of producing an exaggerated reaction.

Smelling salts contain ammonia or ammonia-producing compounds and give off a very strong vapour which deliberately irritates the nose and respiratory tract, causing a sudden reflex inhalation.

They are commercially available products and can be readily purchased online and through some retail outlets, so students may be able to access them quite easily.

These products must not be used by students at school.

Why are they hazardous?

The vapour from smelling salts can cause significant effects including:

- burning or irritation of the eyes, nose and throat
- vomiting, headache, dizziness, diarrhea or fainting
- coughing, wheezing, difficulty breathing, or significant bronchospasm / airway constriction
- seizures
- significant respiratory injury following concentrated, prolonged or repeated exposure.

Students with asthma or other respiratory conditions may be more vulnerable to these effects.

The risk increases where students deliberately inhale directly from the container, take repeated inhalations, hold the product very close to the nose, or turn it into a challenge to see who can tolerate the strongest or longest exposure.

You Said,

The beginning of the school year brought its challenges, with heavy traffic and ongoing construction making the morning commute difficult for our families.

We Did,

We listened to our parents' concerns and, at your request, adjusted the school timings. The change has been a success!

We have been incredibly impressed by the understanding, patience and flexibility shown by our parents throughout this process.

Dear Ms Valerie,

Hope you are doing good.

I hope you are well. I would like to take a moment to express my sincere gratitude to you and the entire school management and bus department for your prompt response to our concerns regarding the pick-up and drop-off timings.

The recent change in school timings has been a big relief for us. Our children are now able to reach school on time and return home on time, which has significantly reduced their overall travel time and daily stress.

I truly appreciate your quick decision and efficient implementation. It reflects your genuine care for the students' well-being and your commitment to listening to parents.

Thank you once again for your support and understanding.

Thanks and regards

Dear Ms. Valerie,

Words truly fall short when it comes to expressing our gratitude to you. ❤️

Thank you for your limitless humanity, kindness, and genuine care for our children. Your decision to adjust the school timings to better serve the students, reduce the traffic, and spare them the exhaustion of long, tiring journeys is a beautiful reflection of how deeply you care about their comfort, happiness, and well-being.

It is not simply a change in timings; it is a message to every parent that our children are seen, valued, and cared for. And that means more to us than words can ever express.

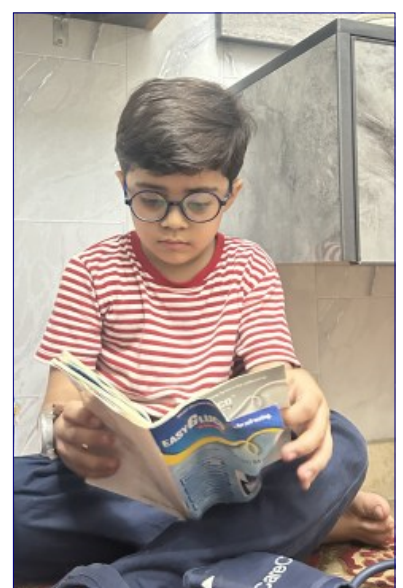

Your leadership goes beyond managing a school. You lead with compassion, understanding, and a truly beautiful heart. Your humanity is remarkable, and the positive difference you make in the lives of our children will always be remembered and appreciated.

Thank you for always putting our children first and for creating a school environment where they can feel comfortable, happy, safe, and ready to learn.

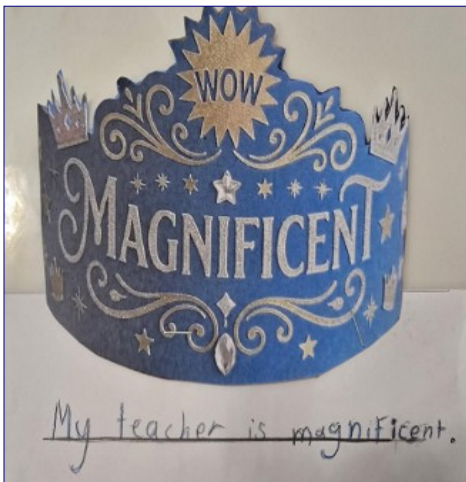

With heartfelt appreciation and deepest gratitude,

The Family of Sila & Saif ❤️
